

### **Chris Kitcher**

Used to do marking for City and Guilds. Brian Scatham. Brian approached Chris and asked for help running the course for Tavcom. Did it a few times. Brian was charging twice what Chris was getting. Brian was running a college then Chris took over. It grew from there. Been all over the place and never had a bad experience from it. Met Mike Tennant on the very first day – he observed the class. Tavcom has given me the opportunity to travel nationally and internationally. Always been left to it, no complaints, no micromanagement.

Went to have a curry in Bradford asked for a naan bread and it was the size of a dustbin lid.
